CLARIFICATION NOTE

This is to clarify that consequent upon change in terms including redemption dates of Non-Convertible Debenture (NCDs) in accordance with the Resolution Plan being implemented in terms of "Prudential Framework for Resolution of Stressed Assets" issued vide RBI circular dated June 7, 2019, the Company has obtained a new ISIN:INE124L07097 from NSDL against three existing ISIN for its Listed NCDs. The BSE in-principle approval in this regard is also in place.

The Company is in process of activating the aforesaid new ISIN for crediting listed NCDs in new ISIN and extinguishing following three existing ISINs:

- 1. INE124L07048
- 2. INE124L07055
- 3. INE124L07063

Pending activation of new ISIN and final Approval of BSE, the quarterly & half yearly disclosures as per the SEBI (LODR) Regulations and SEBI Circulars, are being made in 3 ISINs as listed with BSE.

Independent Auditor's Review Report on the Quarterly and Year to Date Unaudited Ind AS Financial Results of the Company Pursuant to Regulation 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended

Review Report to
The Board of Directors
GMR Warora Energy Limited

- We have reviewed the accompanying statement of unaudited Ind AS financial results of GMR Warora Energy Limited (the "Company") for the quarter ended September 30, 2022 and year to date from April 01, 2022 to September 30, 2022 (the "Statement") attached herewith, being submitted by the Company pursuant to the requirements of Regulation 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (the "Listing Regulations").
- 2. The Company's Management is responsible for the preparation of the Statement in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34, (Ind AS 34) "Interim Financial Reporting" prescribed under Section 133 of the Companies Act, 2013 as amended, read with relevant rules issued thereunder and other accounting principles generally accepted in India and in compliance with Regulation 52 of the Listing Regulations. The Statement has been approved by the Company's Board of Directors. Our responsibility is to express a conclusion on the Statement based on our review.
- 3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
- 4. Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standards ('Ind AS') specified under Section 133 of the Companies Act, 2013 as amended, read with relevant rules issued thereunder and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of the Listing Regulations, including the manner in which it is to be disclosed, or that it contains any material misstatement.

Material Uncertainty Related to Going Concern

5. We draw attention to Note 4 to the accompanying unaudited Ind AS financial results for the quarter ended September 30, 2022 and year to date from April 01, 2022 to September 30, 2022, which indicate that the Company has accumulated losses of Rs. 6,632.21 million and its net worth has been substantially eroded as at September 30, 2022. These conditions, together with the impact of non-renewal of long term power purchase agreement with one of its key customer which expired during June 2020 and significant delays in the realization of outstanding receivables as detailed in note 3, financial stress faced by the Company necessitating invocation and implementation of Resolution Plan under Prudential Framework for Resolution of Stressed Assets, as prescribed by the RBI detailed in note 8 indicate the existence of a material uncertainty that may cast significant doubt about the Company's ability to continue as a going concern.

Our conclusion is not modified in respect of this matter.

Chartered Accountants

Emphasis of Matters

- 6. We draw attention to the following matters in the notes to the accompanying unaudited Ind AS financial results for the quarter ended September 30, 2022 and year to date from April 01, 2022 to September 30, 2022:
 - a. Note 3 in connection with the realization of trade receivables and unbilled revenue (including claims towards change in law events, increased coal cost pass through and carrying costs thereof and capacity charges outstanding from one of its customers during the period of lockdown based on declared capacity) of Rs. 8,128.45 million of the Company, which are pending settlement/ realization as on September 30, 2022. The management of the Company based on its internal assessment as detailed in note 3 to the accompanying unaudited Ind AS financial results and certain interim favourable regulatory orders for claims made by the Company is of the view that the aforesaid balances are fully recoverable as at September 30, 2022.
 - b. Note 6 in connection with the dispute pertaining to transmission charges with Maharashtra State Electricity Distribution Company Limited ('MSEDCL'). The Company has disputed the contention of MSEDCL that the cost of transmission charges are to be paid by the Company. Accordingly, the Company has not accounted the aforesaid transmission charges in the accompanying unaudited Ind AS financial results for the years from March 17, 2014 up to September 30, 2022 based on a favourable Order received by the Company from APTEL. MSEDCL have preferred an appeal with Hon'ble Supreme Court of India against the aforesaid APTEL order and the matter is pending conclusion.
 - c. Note 7 in connection with the amounts due to certain vendors which are outstanding beyond permissible time period under the Foreign Exchange Management Act ('FEMA'). Pending filing for condonation of delay with competent authority no adjustments are made to the accompanying unaudited Ind AS financial results for the quarter ended September 30, 2022 and year to date from April 01, 2022 to September 30, 2022.
 - d. Note 8 in connection with the invocation and implementation of Resolution Plan under Prudential Framework for Resolution of Stressed Assets as per the guidelines issued by Reserve Bank of India ('RBI') in respect of the borrowing facilities availed by the Company and consequent accounting thereof during the quarter ended September 30, 2022 and year to date from April 01, 2022 to September 30, 2022, as detailed in the aforesaid note.

Our conclusion is not modified in respect of these aforesaid matters.

- The unaudited Ind AS financial results have been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standards ("Ind AS") 34 on Interim Financial Reporting prescribed under Section 133 of the Companies Act, 2013, read with relevant rules made thereunder and in terms of Regulation 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and relevant circulars thereunder.
- 2. The unaudited Ind AS financial results of the Company for the quarter ended September 30, 2022 and year to date April 01, 2022 to September 30, 2022 have been reviewed by the Audit Committee in their meeting on October 22, 2022 and approved by the Board of Directors in their meeting on October 22, 2022.
- 3. (a) The Company has outstanding trade receivables and unbilled revenue of Rs. 8,128.45 million as at September 30, 2022. The Company has claimed compensation for various "change in law" events including coal cost pass through, fly ash transportation, duties and taxes, carrying cost etc. from its customers under the Power Purchase Agreements ('PPA') and filed petitions with the regulatory authorities for settlement of such claims in favour of the Company. Based on certain interim favourable orders by Central Electricity Regulatory Commission ('CERC') the management is confident of settlement of claims (including interest thereon) made by the Company in its favour and has accordingly accounted Rs. 10,702.76 million till the period ended September 30, 2022 (including Rs. 440.39 million accounted during the half year ended September 30, 2022). The management of the Company based on its internal assessment and certain interim favourable regulatory orders, is of the view that the aforesaid balances are fully recoverable as at September 30, 2022 and accordingly, has not made any adjustments in the unaudited Ind AS financial results of the Company for the quarter ended September 30, 2022 and year to date April 01, 2022 to September 30, 2022.
 - (b) The Company received notices from one of its customer disputing payment of capacity charges of Rs 1,320.06 million for the period March 23, 2020 to June 30, 2020 as the customer had not availed power during the said period sighting force majeure on account of COVID 19 pandemic. The Company responded and clarified that the said situation is not covered under force majeure clause in view of the clarification by the Ministry of Power stating that Discoms will have to comply with the obligation to pay fixed capacity charges as per PPA. The customer was of the view that the aforesaid clarification by the Ministry of Power cannot override the terms of the PPA and continue to dispute the payment thereof. Also, the PPA with the customer expired in June 2020. Further, during the year ended March 31, 2021, the Company filed petition with CERC for settlement of the dispute. During the quarter ended March 31, 2022, the said petition was decided in favour of the Company vide CERC order dated January 20, 2022 wherein CERC directed the customer to pay the aforesaid outstanding capacity charges along with delayed payment surcharge within 60 days from the date of the aforesaid order. The customer filed an appeal against the said CERC order with Appellate Tribunal for Electricity ('APTEL'). During the quarter ended June 30, 2022, APTEL issued an interim order and directed the customer to pay 25% of the principal amount within a period of one week from the date of its interim order to the Company and deposit the balance outstanding amount in an interest-bearing fixed deposit receipt with a nationalized bank. However, the Company has not received any amount from the customer and the matter is pending conclusion. The management of the Company based on its internal assessment, legal expert advice, petition filed with CERC and favourable order received thereof, is of the view that the aforesaid capacity charges are fully recoverable and accordingly has not made any adjustments in the unaudited Ind AS financial results of the Company for the quarter ended September 30, 2022 and year to date April 01, 2022 to September 30, 2022.

The statutory auditors of the Company have drawn an Emphasis of Matter in their Independent Auditor's Review Report in this regard.

4. The Company has accumulated losses of Rs. 6,632.21 million as at September 30, 2022 which has resulted in substantial erosion of the net worth of the Company. There have been delays in repayment of dues to the lenders on account of the delay in the receipt of receivables from its customers as detailed in note 3 above, thereby resulting in lowering of credit ratings for the Company's borrowings and necessitating invocation and implementation of Resolution Plan under Prudential Framework for Resolution of Stressed Assets, as prescribed by the RBI and as detailed in note 8. However, the Company has made profits before taxes for the half year ended September 30, 2022 and have favourable interim orders towards the aforementioned claims. Also, during the quarter ended December 31, 2021, the Company entered into a new PPA with Gujarat Urja Vikas Nigam Limited ('GUVNL') for the supply of 150 MW of power from October 2021 to July 2023. The management of the Company based on the future business plans and forecasted cash flows is of the opinion that the Company will generate sufficient profits in the future years, realise its receivables and meet its debt obligations as per the Resolution Framework. Accordingly, the unaudited Ind AS financial results of the Company continue to be prepared on a going concern basis which contemplates realisation of current assets and settlement of current liabilities in an orderly manner.

The statutory auditors of the Company have drawn a 'Material Uncertainty Related to Going Concern' in their Independent Auditor's Review Report in this regard.

- 5. The management of the Company carried out a valuation assessment of its Property, Plant and Equipment ('PPE') during the quarter ended June 30, 2022 by an external expert. The valuation assessment includes certain key assumptions such as fully utilizing the capacity of 200 MW after expiry of new PPA with one of the customers in July 2023, conclusion and timely realisation of claims with Discoms currently under dispute for various change in law events as detailed in note 3(a) above, enhancement in the operational performance of the plant including ramp up in generation and availability of coal with higher gross calorific value at competitive rates, compliance with the terms of the resolution plan as detailed in note 8. Based on an internal assessment and valuation carried out by an external expert, the Company has accounted for an impairment loss of Rs. 4,690.20 million during the quarter ended June 30, 2022 which has been disclosed as an exceptional item in the unaudited Ind AS financial results for the quarter ended September 30, 2022 and year to date April 01, 2022 to September 30, 2022.
- 6. The Company has a PPA with Maharashtra State Electricity Distribution Company Limited ('MSEDCL') for sale of power for an aggregate contracted capacity of 200 MW. MSEDCL disputed place of evacuation of power with Maharashtra Electricity Regulatory Commission ('MERC'), wherein MERC directed the Company to construct separate lines for evacuation of power through State Transmission Utility ('STU') though the Company was connected to Central Transmission Utility ('CTU'). Aggrieved by the MERC Order, the Company preferred an appeal with Appellate Tribunal for Electricity ('APTEL'). APTEL vide its interim Order dated February 11, 2014 directed the Company to start scheduling the power from the Company's bus bar and bear transmission charges of inter-state transmission system towards supply of power. The Company in terms of the interim order scheduled the power from its bus bar from March 17, 2014 and paid inter-state transmission charges. APTEL vide its final Order dated May 8, 2015 upheld the Company's contention of scheduling the power from bus bar and directed MSEDCL to reimburse the inter-state transmission charges hitherto borne by the Company as per its interim order. Accordingly, as at September 30, 2022, the Company has raised claim of Rs 6,163.31 million towards reimbursement of transmission charges from March 17, 2014 till September 30, 2022. MSEDCL preferred an appeal with Hon'ble Supreme Court of India and the matter is pending conclusion. Pursuant to notification No. L-1/250/2019/CERC, the transmission charges is being directly billed to the respective customers (DISCOMS) by Power Grid Corporation of India Limited and accordingly the Company has not received transmission charges related invoices for the period December'2020 to September'2022. Though there is a change in the invoicing mechanism, the final obligation towards the transmission charges will be decided based on the order of the Hon'ble Supreme Court of India as stated above.

In view of the favourable Order from APTEL, rejection of stay petition of MSEDCL by the Hon'ble Supreme Court of India, receipt of substantial amounts towards reimbursement of transmission charges and legal expert advice, the Company has recognized the reimbursement of transmission charges of Rs. 6,163.31 million from March 17, 2014 to September 30, 2022 as reduction in the cost of transmission in the Statement of profit and loss. Further the cost of transmission charges as stated with effect from December 2020 is directly invoiced by Power Grid Corporation of India Limited to DISCOMS and has been disclosed as contingent liability pending the final outcome of the matter in the Hon'ble Supreme Court of India.

The statutory auditors of the Company have drawn an Emphasis of Matter in their Independent Auditor's Review Report in this regard.

7. As at September 30, 2022 the amount payable in foreign currency to certain vendors of USD 5.25 million is outstanding for more than 3 years. The Company is in the process of filing necessary documents with the RBI and is confident that such delays will not require any adjustments to the unaudited Ind AS financial results of the Company for the quarter ended September 30, 2022 and year to date April 01, 2022 to September 30, 2022.

The statutory auditors of the Company have drawn an Emphasis of Matter in their Independent Auditor's Review Report in this regard.

8. The Company has been facing financial stress due to COVID- 19 pandemic and other factors as detailed in notes 3 and 4. Further most of the borrowing facilities of the Company had become Special Mention Account-2/Non-Performing Assets and accordingly resolution process under Prudential Framework for Resolution of Stressed Assets, as prescribed by the RBI on June 07, 2019 ("Prudential Framework") was invoked on June 29, 2021 by default and Inter Creditors Agreement by majority of lenders was executed on July 27, 2021.

The lead lender issued a sanction letter dated April 05, 2022 for restructuring of loan facilities. As per the RBI circular stated above, a minimum approval of lenders representing 75% by value of total outstanding loan facilities and 60% of Lenders by number is required for approval of Resolution Plan. During the quarter ended June 30, 2022, the Company received the approvals from the aforesaid requisite lenders on the Resolution plan and consequently the Resolution plan was adopted in the board of directors meeting dated June 23, 2022 and approved by the shareholders in the Extraordinary general meeting dated June 24, 2022. Accordingly, the Company gave effect to the Resolution Plan and recognised a gain on restructuring of borrowing facilities and interest accrued till June 30, 2022 of Rs. 5,569.41 million which was disclosed as an exceptional item in the unaudited Ind AS financial results for the quarter ended June 30, 2022. During the quarter ended September 30, 2022, Master Restructuring Agreement ('MRA') has been executed by all the participating lenders and the Company is the process of completing remaining procedural activities such as creation of charge on assets etc.

The statutory auditors of the Company have drawn an Emphasis of Matter in their Independent Auditor's Review Report in this regard.

- 9. Paid-up debt capital represents outstanding non-convertible debentures issued by the Company (excluding provision for redemption) as at the period / year end.
- 10. The Company has created Debenture Redemption Reserve of Rs.187.50 million as per the provisions of Section 71 of the Companies Act, 2013.
- 11. (a) Debt equity ratio represents total borrowings (long-term borrowings and short-term borrowings) / total equity (equity share capital + other equity).
 - (b) Debt service coverage ratio (DSCR) represents earnings before interest, tax, depreciation and amortization expenses (net of interest income on bank deposits) and exceptional items / debt service (finance costs plus principal repayments of long-term borrowings made during the period).
 - (c) Interest service coverage ratio (ISCR) represents earnings before interest, tax, depreciation and amortization expenses (net of interest income on bank deposits) and exceptional items /finance costs.
 - (d) Current ratio represents current assets / current liabilities.
 - (e) Long term debt to working capital represents long-term borrowings (including current maturities of long-term borrowings) / current assets less current liabilities (excluding current maturities of long-term borrowings).
 - (f) Bad debts to Account receivable ratio represents allowance for bad and doubtful debts / average of opening and closing balances of trade receivables.
 - (g) Current liability ratio represents current liabilities / total liabilities.
 - (h) Total debts to total assets represents total borrowings (long-term borrowings, short-term borrowings and interest due on borrowings) / total assets.
 - (i) Debtors turnover represents revenue from operations / average of opening and closing balances of trade receivables.
 - (j) Inventory turnover represents consumption of fuel plus consumption of stores and spares/ average of opening and closing balances of inventory.
 - (k) Operating margin (%) represents earnings before interest, tax and exceptional items (net of other income) / revenue from operations.
 - (1) Net profit margin (%) represents profit/ (loss) (excluding exceptional items) after tax / revenue from operations.
 - (m) Net worth represents total equity (equity share capital + other equity).
- 12. Listed Non-Convertible Debentures are secured and asset cover is more than one hundred percent of the Principal outstanding as on September 30, 2022.
- 13. The Statutory auditors of the Company have carried out a limited review of the unaudited Ind AS financial results for the quarter ended September 30, 2022 and year to date April 01, 2022 to September 30, 2022.
